

Big Boys Toys rents by the calendar day. This means that a one day rental is from 9 am-5 pm. A multiple day rental means pick up at 9 am on the first day and return by 5 pm on the last day.

We offer an early pick up on all equipment for an additional fee. This allows you to pick up your rental the evening before your first day between 3:30 pm and 4:30 pm.

We also offer a late drop off for an additional fee. That allows the renter to drop the equipment the morning after the last day of the rental at 9 am. We prefer to not have any equipment dropped after hours outside the locked gate. If you do drop off after hours outside the gate you are responsible for that equipment.
